McLaren Special Operations (MSO)

MSO is a dedicated division of McLaren Automotive with a mission to make your McLaren truly special. Our hand-picked team of around 120 has some of the longest-serving members of staff anywhere at McLaren, all of them united by one simple thing: a passion for perfection. For example, we have produced more than 200 special colour variations in the past two years alone. MSO was created in 2011, but its origins can be traced back to the launch of the McLaren F1 in 1992.

MSO Defined

MSO Defined offers a range of personalisation beyond the factory options packages for new or existing owners. These enable owners to not only personalise the appearance of their cars, with carbon fibre parts and accents, but also to improve performance with aerodynamic kits and lightweight components.
